

Wednesday 27 May 1-2pm

Covid-19 Care options

Join us for a free one-hour webinar to find out what it's like to get coronavirus, the different treatment and care options, and ways to tell people now what you would or wouldn't want if you became very ill with Covid-19 or other conditions.

-  Covid-19 symptoms and self-care at home, with local GP Dr Diane Aitken
-  Care and treatment for Covid at home, with Maria Oyston, Guy's and St Thomas' @home service
-  Care and treatment for Covid in hospital, with medical staff from King's College Hospital
-  Thinking about and recording your future care wishes, with Kim St John, Transforming End of Life Care Lead at Guy's and St Thomas'
